

# TUONOV4 RALLY

**aprilia®**

# QUEEN OF AFRICA

*Having been crowned the Queen of Africa following wins in the Africa Eco Race 2024 and 2025, the Aprilia Tuareg Rally has proved to be an unstoppable force, leading Jacopo Cerutti - official Aprilia rider and key figure in the development of this line model - to victory in all the competitions entered with this remarkable bike.*

*“Contributing to the development of a line-produced bike like the new Aprilia Tuareg Rally was a very interesting experience. Our goal was to make it as similar as possible to the bike which won us the Africa Eco Race, and suffice to say that we succeeded! The Tuareg is already an excellent starting point for tackling off-road driving with ease, but with the Rally version, we’ve gone even further, and the result is really close to a competition bike for rally raids: with the right tyres, it could easily take you across the dunes of the desert.”*

*Jacopo Cerutti*

# ***RIDE LIKE A CHAMPION***

On the basis of the Tuareg's success in all the competitions it has entered, and inspired by its triumph in the Africa Eco Race, a unique motorbike has been created - a benchmark among twin-cylinder bikes designed for the most demanding off-road riding conditions. Indeed, this off-road twin-cylinder doesn't compromise anywhere, incorporating all the experience of Aprilia Racing and champion Jacopo Cerutti in order to deliver maximum performance and fun on any terrain. The Rally version enters the new Tuareg range, with a fresh look and innovative technical features. With its exclusive rims and exhaust, the Tuareg Rally's overall weight is slashed from 204 kg to just 199 kg in running order, making it a real point of reference in its category.

# ***DESIGNED TO GO BEYOND***

The Aprilia Tuareg embraces the spirit of adventure with an even more dynamic look, along with solutions designed for riders seeking unlimited freedom. Light, agile and ready for anything, this bike is the perfect companion for any trip, on or off road. The upgrades to the twin-cylinder engine lend it even greater responsiveness, perfect for overcoming any obstacle effortlessly. The new front end is sleek and pared back, emphasising the bold character of the bike, while the Tornado Green and Hailstorm White graphics paired with the red frame create a visual effect that turns heads. The Tuareg is ready to take you anywhere, including to places you've never been before.

# SERVICES

## X-CARE + MAINTENANCE

Thanks to X-Care + Maintenance, the ordinary maintenance packs, you can ride your Aprilia bike with peace of mind, in the world. Created to meet various needs, by choosing and purchasing one of the available packages, you will receive periodic maintenance as required in the use and maintenance manual.

Check the packages available for the various models with your preferred dealer.

## X-CARE + PREMIUM WARRANTY

The X-Care + Premium Warranty completes the dedicated services on offer, protecting your peace of mind when it comes to your Aprilia bike and allowing you to travel worry-free. In addition to 2-year factory warranty, you can enjoy further protection with a 1 or 2 year additional warranty (third and fourth year after registration) which includes Roadside Assistance.

- Coverage of repair costs for faults due to manufacturing or assembly defects on parts
- Replacement of any damaged parts with original spare parts, labour included
- Roadside Assistance includes breakdown and towing service to the nearest Piaggio Service point
- Specialised, certified Piaggio Group Service assistance
- Maintenance of the retail value of your used vehicle in case you decide to sell
- Coverage throughout Europe

Ask your dealership or your authorised service centre for full details of the services and coverage available in your country.

With DreamRide, your dream of riding an Aprilia vehicle is even easier to achieve. In fact, you can choose the most suitable financing solution for you, selecting it from a range of services conceived by the Piaggio Group to meet the numerous and changing financing needs.
